

## CALIFORNIA SELF-SUFFICIENCY STANDARD FACT SHEET

### Marin County Key Facts

31% (21,777) of Marin County households live below the Standard.

#### RACE/ETHNICITY

There are significant racial and ethnic inequities when looking at which groups fall below the Standard across the county.

##### Households that Fall Below the Standard, by Race:

#### HOUSEHOLDS WITH CHILDREN

Statewide, having a child deeply impacts your ability to reach the Standard. Just the presence of one child nearly doubles your chances of living below the Standard. In Marin County, the picture is different as the chances of living below the Standard are nearly the same between households with children and without.

##### Percentage of Households Below the Standard by Household Type:

Households with no children

Households with 1 or more children

## EDUCATIONAL ATTAINMENT

The educational attainment of the head of household plays a major role in determining whether or not a household will fall below the Standard.

### Percentage Below Standard by Educational Attainment of Head of Household:

## WORKING ADULTS

Many Californian families have come to the conclusion that it is a near necessity to have two adults contributing to their families' economic well-being. However, **even with two working adults in the household, close to one in five households** in Marin County cannot make ends meet.

### Percentage of Households that Fall Below the Standard by Work Status of Adults:

Two or more adults in household...
